

# NSSS Load Monitoring and Fatigue Assessment Seminar

ERLANGEN, NOVEMBER 2017

**SPEAK AND HEAR** about fatigue management as an integrated part of aging management for operating power plants

**GET THE LATEST INFORMATION** about innovations, developments, best practices, the local load monitoring FAMOSi and state-of-the-art fatigue assessment methods

**MEET FATIGUE EXPERTS** to discuss about the identification and mitigation of fatigue

**SHARE** your success stories, feedback from operation and maintenance and ideas for improvement with us

Thank you for your registration by replying to [rudolph.juergen@areva.com](mailto:rudolph.juergen@areva.com).  
Number of participants is limited – so join us now! Invitation and program follow in September 2017.

Let's share our experiences!
